EDUCATION

Aditya University

IT, B.Tech

CGPA: 8.83

surampalem,kakinada

September 2023 - August 2027

EXPERIENCE

Aditya University | Web Developer

Surampalem,kakinada | May 2025 - July 2025

Project: Sign language Translator based on hand gestures

Developed a sign language translator web application using hand-gesture recognition, designing and implementing the entire frontend UI for real-time interaction and usability.

Collaborated on an end-to-end computer visionbased solution, ensuring seamless data flow between the user interface and backend services for accurate gesture translation

SKILLS

Programming Languages: c, python, java, javascript

Libraries/Frameworks: Django, React, Django Rest framework, Fastapi

Tools / Platforms: Git, Github, Docker, ThunderClient, RabbitMQ, RAG, Ollama, YOLO, n8n

Databases: PostgreSQL, MySQL, MongoDB

Core CS Subjects: Operating systems, Database management systems, Computer Networks

PROJECTS / OPEN-SOURCE

Job Application Tracking System (ATS) | Link

Django, Celery, Redis, Django Rest Framework

This project is a backend Job Application Tracking System (ATS) designed to model real-world hiring workflows. It goes beyond basic CRUD operations by implementing a strict application state machine, role-based access control (RBAC), and asynchronous background processing for email notifications.

MultiTenant SaaS Platform | Link *React, simpleJWT, @hello-pangea, Django REST Framework, SQLite*

A full-stack project and task management platform built for teams who need isolated workspaces. Each organization (tenant) gets their own space with separate users, projects, and tasks - all running on a single deployment.

Payment Gateway | Link

Django, HTML, CSS, Dockerfile, JavaScript

A full-featured payment gateway system similar to Razorpay/Stripe, built with Django REST Framework, featuring merchant onboarding, multi-method payment processing (UPI & Cards), and a hosted checkout page

CERTIFICATIONS

- Android App development using Android Studio - **APSSDC**
- Google Cloud Generative AI - **Google**
- OCI Generative AI - **Oracle**
- OCI foundations Associate - **Oracle**
- FSD Front-end Development - **Infosys**

HONORS & AWARDS

- Participated in Vedic Vesion Hackathon conducted by SRKR
